

TEAM: Bottle Heads (Orono Middle School)

ISSUE: Plastic in the Ocean

On their solution...

“We wrote a bill to eradicate the use of plastic bags in grocery stores... We’re going to launch it as a test at Youth in Government 2019 and then we will try to get it passed on the state level.”

On teamwork...

“It was fun coming up with different ideas and different inputs and we took them and made something else out of them so we could put it into our project.”
